

# *Intermediate Algebra (Math 263) Online*

## *Spring 2012 Course Calendar*

The schedule on the following pages is designed to keep you on track with this course. Please note that each week's homework set closes on the following Sunday (at 11:59 pm). If you are unable to complete your homework by the closing date, please contact me to arrange for an extension.

Extension Policy: A 24 hour extension (until Monday at 11:59 pm) will be given on request. It is your responsibility to contact me and request the extension. If you wait until Tuesday, you will just have to keep the homework score, and I will lift the pre-requisite for the next assignment so you can proceed. **No extensions beyond the test date will be allowed for any quizzes.**

**Dates** for all on campus exams are posted on this calendar. If you have a scheduling conflict, please contact me several days before the exam to arrange an alternate testing time. **Rooms** for on campus exams will be announced after the start of the semester. I will request LTC 203/204 for all exams, but may not be able to get it.

**End of Chapter quizzes** should be taken on the dates assigned to keep on schedule. Each quiz can be taken up to 3 times, with only your high score counting. The final day to take the chapter quiz is on the day of that chapter's unit test.

**I encourage you to work ahead of this schedule if possible... just don't get behind!**

**The exam dates are:**

- **Thursday, Feb 23: Chapters 1 – 3**
- **Thursday, Mar 15: Chapters 4 & 5**
- **Thursday, April 19: Chapters 6 & 7**
- **Thursday, May 17: Chapters 8 & 9**
- **Tuesday, May 29: Chapter 10 and cumulative Final**

# February
