

Beginning Algebra (Math 261) Online

Spring 2012 Course Calendar

I encourage you to work ahead of this schedule if possible... just don't get behind! If you are unable to complete your homework by the due date, you may continue to work on it for an additional 24 hours, but you will only receive half credit for the problems worked after the initial deadline. There are **no** extensions for quiz deadlines. Please see your syllabus for more information.

Dates and times for all on-campus exams are listed below. Please be certain to arrange your work and school schedules so you are able to attend the scheduled exams.
